

To make the organisation of your winter holiday as easy as possible, we collected on the following pages useful information about our region for you.

Of course we are also always here for you if you need personal advice or assistance.

Snow Space Salzburg

Our ski resort impresses with its huge variety and snow safe pistes on an altitude between 850 and 1.980 m. Wagrain is located in the middle of the ski area "Snow Space Salzburg" between the villages of Flachau and St. Johann/Alpendorf.

We are situated in the heart of Ski Amadé and ensure winter pleasure with more than 120 km of connected pistes. Since the winter 2020/2021 the offer has been extended with the Panorama Link which connects the Wagrain area with the Shuttleberg Flachauwinkel-Kleinarl. So you can now ski from A-Z, from Alpendorf to Zauchensee.

The internationally a couple of times awarded ski area Snow Space Salzburg convinces its guests with an unbeatable offer:

Facts:

- 210 km of connected pistes
- 70 top modern ski lifts
- 85 ski huts
- 100% snow guarantee from December to April

[Here you will find the detailed map](#)

Ski Amadé

Snow Space Salzburg is part of the ski alliance Ski Amadé.

Ski passes are available at the apartment reception – in the off and middle season for a reduced price!!

- 1 ski pass valid for 5 regions = 25 ski villages
- 270 top modern ski lifts
- 350 tracks
- 760 km of ski pistes
- over 90 % of the pistes are equipped with artificial snow machine systems
- 10 snowparks, 13 funslopes
- www.skiamade.com

Since the season 2022/2023 it is possible to buy the ski passes already from at home.

With the early booking system you have got the chance to buy the ski pass for a reduced price. As earlier as you buy them, as cheaper it gets!

Alternatively you can also purchase the lift tickets at our reception. Outside of the the main season for a reduced price!

Wagraini's Winterwelt

Wagraini's winter world is situated at the middle station of the "ROTE ACHTER" and offers the opportunity for all kids to make their first skiing attempts or first acquaintance with snow. Given a daily programme, where you can join in the fun and games, colouring and painting, barbecue, competitions, story book reading and many more. In a cosy hut, you are welcome to come in and have a warm-up.

The cable car "Rote Achter" will be happy to help with transportation of prams, buggies and sledges. And the best of it: It's free of charge!

Ski schools

Ski school Rot-Weiß-Rot

The ski school Rot-Weiß-Rot has got its office in the ski rental Ski Stadl directly opposite of the bottom station of the Grafenberg gondola.

Additional information can be found here:

Ski school Wagrain

The ski school Wagrain has got at each of the 3 gondola stations in Wagrain an office.

For our guests the headquarter at the Grafenberg gondola is very easy reachable with the free of charge ski bus..

Ski rental

In Wagrain you will find in total 9 excellent equipped ski rentals.

If you have booked already a course at one of the mentioned ski schools, it would be the easiest if you also rent the necessary equipment there.

Otherwise we recommend „Sport 2000 Obermoser“ who is located directly in the center of Wagrain.

Cross country skiing

Of course Wagrain also has got a big offer for its "Nordic interested" guests. More than 26 kilometres of groomed cross-country trails reflecting all degrees of difficulty ensure that you will not get bored in your holiday.

With the access to the 50km-long Tauern Trail, Wagrain offers you unforgettable cross-country adventures through terrain that is both easy and filled with variety.

Ice skating

The ice skating rink is situated directly next to the valley station of the Flying Mozart. Release the daily stress when you are joining some comfortable hours on the ice skating place Wagrain.

In the winter months the ice skating rink is opened daily starting from 2 p.m..

Winter hiking

If you prefer to discover Wagrain on a more relaxing way we recommend to join a walk through the snowy landscape of Wagrain and its surroundings.

About 20 km winter hiking path and our culture walk are waiting for you to be explored.

Backcountry ski tours

Through glittering snow and an untouched winter landscape you walk smoothly upwards. A breathtaking mountain panorama and a strengthening snack are waiting for you. And finally a downhill through powder snow or on groomed slopes back to the valley. Backcountry tracks at the secured slope are offered at the Rote 8er, at the Grafenberg and at the Gernkogel.

For those who prefer the free area a ski tour to the Kleinarler Hütte or to the Penkkopf are recommended..

Horse sledge ride

Who never dreamed of this.....

Get charmed by the unspoilt nature and the calm atmosphere of Wagrain beside the wintersport.

Probably the most romantic way to get known of the snowy Wagrain..
